Packing Cups

Want to know the right way to pack your cups?

- ★ With packing paper in place on the work table, position one cup six to eight inches from one of the corners.
- ★ Now pull the near corner of the paper up and over the cup.
- ★ Nest a second cup directly on top, with a handle to the left (the second cup should "nest" itself in packing paper folded over the bottom cups).
- ★ Pull the two side corners up and over, one at a time, and tuck corners inside the top cup.
- ★ Hold the bottom and top cup in position and roll cups to the remaining corner. Fragile mixing bowls may be rolled in the same manner.
- ★ Delicate cups, like china, should be wrapped one at a time. Antique glass or china should be stuffed with crumpled tissue and wrapped one at a time.
