Packing Game Plan

Need a solid Packing Game Plan? Here it is!

- ★ Pack one room at a time. This will help when it comes time to unpack.
 - Pack a couple of cartons a day, starting well ahead of the move.
 - Mark all boxes, designating a room and box number.
 - Make a carton identification log to show the number of boxes packed per room, and the total number of cartons packed.
 - Leave space in your log for a special comments section to note carton conditions or location of high value goods.
 - Notify your mover of any high value items.
- ★ Be sure to have plenty of "filling" material available.
- ★ Be sure that the bottoms of all cartons are secured and will hold the weight of the contents.
- ★ Packing tape or gummed tape is better than masking tape.
- ★ Pack heavier items toward the bottom of the box and lighter items toward the top. Try to keep a per-box weight of 50 pounds or less; it makes moving a lot easier.
- ★ A general rule to remember on carton size -- the heavier the item, the smaller the carton.

Pro tip: Adhering to a solid game plan and doing a little bit each day leading up to the big day increases the chance of a successfully stress free move!
